

# THE TECHNICAL UNIVERSITY OF KENYA

Haile Selassie Avenue, P.O. Box 52428, Nairobi, 00200, Tel +254(020) 343672, 2249974, 2251300, 341639

Fax 2219689, Email: vc@tukenya.ac.ke, Website: www.tukenya.ac.ke

NAME: DR GEORGE DAVID OGINGA OKWADHA

Faculty:	ENGINEERING AND THE BUILT ENVIRONMENT
School:	CIVIL AND RESOURCE ENGINEERING
Department:	STRUCTURAL AND CONSTRUCTION ENGINEERING
Current Designation:	Senior Lecturer, CIVIL AND CONSTRUCTION ENGINEERING
Office Telephone:	+254(020) 2219929, 3341639, 3343672
Official Email:	george.okwadha@tukenya.ac.ke
Consultation Hours:	9AM-5PM MON - FRI

## EDUCATION

LEVEL	QUALIFICATION NAME	INSTITUTION	YEAR
Doctor of Philosophy (PhD)	Environmental Engineering	....University of Wisconsin-Milwaukee.(United States)	2010
Masters of Science (M.Sc.)	Environmental Engineering	....University of Wisconsin-Milwaukee.(United States)	2006
Bachelor of Science (BSc)	Civil Engineering	....University of Wisconsin-Milwaukee.(United States)	2003
Bachelor of Science (BSc)	Environmental Science-Physical Systems	University of Wisconsin-Green Bay(United States)	2003
Higher Diploma	Construction Engineering (Soil Mechanics & Foundation Engineering Option)	The Kenya Polytechnic(Kenya)	1991
Diploma	Civil Engineering	The Mombasa Polytechnic(Kenya)	1986

## WORK EXPERIENCE

PERIOD	INSTITUTION	POSITION
January 2014 - September 2015	The Technical University of Kenya	Chairman, Civil & Construction Engineering Department
August 2010 - June 2011	University of Wisconsin-Rock County	Lecturer of Engineering
January 2009 - June 2010	University of Wisconsin-Milwaukee	Research Assistant
September 2012 - January 2014	The Technical University of Kenya	Chairman, Civil & Environmental Engineering Department
January 2005 - January 2009	University of Wisconsin-Milwaukee	Teaching Assistant
October 2010 - February 2012	Bloom Companies, LLC	Research/Project Engineer
August 2011 - December 2011	Concordia University-Wisconsin	Adjunct Professor
January 1987 - December 1999	Materials Testing & Research Department, Ministry of Public Works	Senior Laboratory Technologist
January 2014 - August 2015	The Technical University of Kenya	Ag. Director of School - SIRE
April 2007 - August 2010	We Energies	Student Engineer
January 2004 - April 2007	Giles Engineering Associates	Engineering Technician

## GENERAL STATEMENT ON RESEARCH AREAS

My research areas include but not limited to sustainable materials, coal combustion flue gas adsorbents, Biogeotechnics (microbial soil strength improvement), Metals and radionuclides contaminants removal in surface water impoundments and drinking water from aquifers and private wells using microbial carbonate precipitation (lattice and non-lattice coprecipitation) and nanoparticles (nano-size cenospheres) composites, Heat transfer using Conductive Concrete, and By-products utilization.

## CURRENT RESEARCH PROJECTS

Improvement of bearing capacity of red coffee soil using waste thermosetting plastics	Geo-Environmental Engineering - By products utilization - (Sustainable materials)
The use of pyroclastics as coal combustion flue gas adsorbents	Environmental Engineering - By products utilization (Sustainable Materials)
Investigation on why clay bricks made in Elgeyo Marakwet county is preferred as a valuable construction material in Uasin-Gishu County.	Geotechnical Engineering
The use of rice husk ash for stabilization of red coffee soils for use in pavement construction	Geo-Environmental Engineering - By products Utilization (Sustainable Materials)
Evaluating the performance of Sisal sap as an admixture in concrete	Environmental Engineering-By-products utilization (Sustainable materials)
Evaluating the performance of Aloe vera sap as an admixture in concrete	Environmental Engineering-By-products utilization (Sustainable materials)
Developing a database of leguminous plants waste ashes with pozzolanic activities for use as partial replacement of cement in concrete manufacture	Geo-Environmental Engineering - By-products utilization (Sustainable Materials)
